INDEX TO VOLUME 18, 1982

SUBJECT INDEX — VOLUME 18, 1982

A

Abnormalities of the aortic arch system compressing the oesophagus and trachea, **46**

'Accident' prone child — the perpetration of a myth, **243**

Accidents,
bicycle, injuries from. The problem and recommended strategies for prevention, **253**
childhood, in a New Zealand birth cohort, **238**
parents' attitudes to prevention, **247**

Agenesis, associated renal and unilateral hematometra-colpos, ultrasonography in the diagnosis and management of, **287**

Allergic bronchopulmonary aspergillosis in cystic fibrosis, **110**

Anti-diuretic hormone secretion, inappropriate, and bronchiolitis, **67**

Aortic arch system, abnormalities of the, compressing the oesophagus and trachea, **46**

Aplasia cutis congenita, association of and fetus papyraceus in a triplet pregnancy, **294**

Apnoea and bronchiolitis due to respiratory syncytial virus, **53**

Aquatics for epileptic children, **255**

Aspergillosis, allergic bronchopulmonary, in cystic fibrosis, **110**

Association of aplasia cutis congenita and fetus papyraceus in a triplet pregnancy, **294**

Asthma,
predicting the course of in children, **84**
swimming and dry land exercises in children with, **23**

Attitudes to the fetus among primigravidae, **106**

B

Beta-endorphin levels in newborn cerebrospinal fluid, **258**

β-thalassaemia, homozygous, intravenous glucose tolerance and plasma insulin response in children with, **186**

Bicycle accidents, injuries from. The problem and recommended strategies for prevention, **253**

Bilirubinometer, transcutaneous, multiple site readings from a, **102**

Bilirubinometry, transcutaneous: use in Australia, **273**

Birth asphyxia/birth trauma, convulsions following — are long-term anticonvulsants necessary? **90**

Bleeding, rectal, in a baby of three months, **132**

Blood,
pressure measurements in the neonate, oscillometric and intra-arterial: a comparison of methods, **32**
transfusions, neonatal, paediatric packs for, **202**

Blunt splenic trauma in children: a retrospective study of non-operative management, **211**

Bone marrow transplantation for acute leukaemia in childhood, **264**

Book reviews, **69, 158, 230, 297**

Bronchiolitis and apnoea, due to respiratory syncytical virus, **53**
inappropriate anti-diuretic hormone secretion and, **67**

C

Calculi, urinary, in children of the Kimberley region of Western Australia, **283**

Cerebrospinal fluid, newborn, beta-endorphin levels in, **258**

Child Accident Prevention Centre, Melbourne, **257**

Childhood,
accidents in a New Zealand birth cohort, **238**
parents' attitudes to prevention, **247**

Children, blunt splenic trauma in: a retrospective study of non-operative management, **211**

Children's reading disorders: problems of definition and a two-year follow-up, **268**

Child safety, strategies for: Editorial comment, **235**

Circumcision, a surgical alternative to — Z-plasty reconstruction for preputial stenosis, **219**

Comparative trial of Viokase®, pancreatin and Pancrease® pancrelipase (enteric coated beads) in the treatment of malabsorption of cystic fibrosis, **114**

Congenital,
cytomegalovirus infection, enzyme linked immunosorbent assay for detecting specific IgM antibody in, **181**
rickets — a case report, **291**

Controlled trial of oral N-acetylcysteine in cystic fibrosis, **40**

Convulsions following birth asphyxia/birth trauma — are long-term anticonvulsants necessary? **90**

Cystic fibrosis,
allergic bronchopulmonary aspergillosis in, **110**
comparative trial of Viokase®, pancreatin and Pancrease® pancrelipase (enteric coated beads) in the treatment of malabsorption in, **114**
controlled trial of oral N-acetylcysteine in, **40**

heterozygotes, serum pancreatic enzyme levels in after secretion and cholecystokinin infusion, **118**
mucoid *Pseudomonas aeruginosa* in, **43**

Cytomegalovirus infection, congenital, enzyme linked immunosorbent assay for detecting specific IgM antibody in, **181**

D

Diabetic children Type 1, factors influencing residual pancreatic β cell function in recently diagnosed, **37**

Diamond-Blackfan syndrome in father and son, **128**

Diet, the use of defined formula in infants with a 'sick gut', **92**

Direct inguinal hernia and giant omphalocele, **134**

Double purse string suture technique for loop colostomy prolapse in infants, **58**

Duchenne muscular dystrophy in Western Australia: an outline of the management and prognosis of, **277**

E

Early indomethacin in patent ductus of the very small premature, **28**

Early neurodevelopmental outcome of very low birthweight infants, **193**

Editorial comments:
ELISA technique in laboratory medicine, **165**
Hyperactivity — the elusive syndrome, **1**
Strategies for child safety, **235** .

Effects of prolonged rupture of membranes on the development of respiratory distress syndrome in twin pregnancy, **197**

ELISA, improved specificity of for rotavirus, **184**
technique in laboratory medicine: Editorial comment, **165**

Enzyme linked immunosorbent assay for detecting specific IgM antibody in congenital cytomegalovirus infection, **181**

Epileptic children, aquatics for, **255**

Exomphalos, Rieger syndrome with, **130**

Extrahepatic portal hypertension: the significance of variceal haemorrhage, **17**

F

Factors influencing residual pancreatic β cell function in recently diagnosed Type 1 diabetic children, **37**

Femoral hypoplasia — an unusual facies syndrome, **63**

Fetus, attitudes to the among primigravidae, **106**
papyraceus and aplasia cutis congenita, association of in a triplet pregnancy, **294**

Foreign bodies, blunt oesophageal, removal of in children using a Foley catheter, **60**

Fundoplication, resolution of inspiratory stridor after, **126**

G

Gallium-67, role of in management of paediatric solid tumours, **120**

Glucose tolerance, intravenous, and plasma insulin response in children with homozygous β-thalassaemia, **186**

Growth and development of twins compared with singletons at ages five and seven, **35**

H

Haemorrhage,
intraventricular, in term neonates: diagnosis by ultrasound, **205**
variceal, the significance of: extra-hepatic portal hypertension, **17**

Heights of British male convict children transported to Australia, 1825-1840, Parts I and II, **76, 80**

Hematometracolpos, unilateral, and associated renal agenesis, ultrasonography in the diagnosis and management of, **287**

Hernia,
inguinal, in girls: desirability and dangers of bilateral exploration, **55**
umbilical, strangulation of in a child of six months, **286**

Hydrothorax: a delayed complication of parenteral nutrition via a central venous catheter, **216**

Hyperactive children, identification and treatment of, **13**

Hyperactivity — the elusive syndrome: Editorial comment, **1**

Hypoplasia, femoral — an unusual facies syndrome, **63**

I

Identification and treatment of hyperactive children, **13**

IgM antibody, specific, in congenital cytomegalovirus infection, enzyme linked immunosorbent assay for detecting, **181**

Immunodeficiency, severe combined — the experience of the Royal Children's Hospital, Melbourne, 1969-1979, **169**

Improved specificity of ELISA for rotavirus, **184**

Inappropriate anti-diuretic hormone secretion and bronchiolitis, **67**

Indomethacin, early, in patent ductus of the very small premature, **28**

Infants,
double purse string suture technique for loop colostomy prolapse in, **58**
with a 'sick gut', the use of defined formula diet, **92**

Inguinal hernia,
direct, and giant omphalocele, **132,**
in girls: desirability and dangers of bilateral exploration, **55**

Injuries from bicycle accidents. The problem and recommended strategies for prevention, **253**

Inspiratory stridor, resolution of after fundoplication: case report, **126**

Intensive care for 375 very low birthweight infants, results of, **188**

Intravenous glucose tolerance and plasma insulin response in children with homozygous β-thalassaemia, **186**

Intraventricular haemorrhage in term neonates: diagnosis by ultrasound, **205**

L

Letters to the Editor, **3, 156, 229**

Leukaemia, acute, in childhood, bone marrow transplantation for, **264**

Loop colostomy prolapse in infants, double purse string suture technique for, **58**

Low birthweight infants,
very, early neurodevelopmental outcome of, **193**
very, results of intensive care for, **375, 188**

M

Malabsorption in cystic fibrosis, comparative trial of Viokase®, pancreatin and Pancrease® pancrelipase (enteric coated beads) in the treatment of, **114**

Maternal and child health services — from fragmentation to co-ordination: a personal viewpoint, **167**

Mortality trends, recent perinatal, **88**

Mucoid *Pseudomonas aeruginosa* in cystic fibrosis, **43**

Multiple site readings from a transcutaneous bilirubinometer, **102**

N

N-acetylcysteine, oral, controlled trial of in cystic fibrosis, **40**

Neonatal,
blood transfusions, paediatric packs for, **202**
ventriculitis, rifampicin in, **200**

Neonate, oscillometric and intra-arterial blood pressure measurements in the: a comparison of methods, **32**

Neonates, term, intraventricular haemorrhage in: diagnosis by ultrasound, **205**

Neurodevelopmental outcome, early, of very low birthweight infants, **193**

Newborn cerebrospinal fluid, beta-endorphin levels in, **258**

Nutrition, parenteral, via a central venous catheter: hydrothorax: a delayed complication of, **216**
